### Architectural Review Board (ARB) Information

Outside changes such as painting, roofing, new driveways, landscaping, and tree removal require ARB approval before starting the project as do any structural changes or additions, including pool cages. Please obtain an ARB form from the [Vanderbiltlakes.net](http://Vanderbiltlakes.net) website or from an ARB member listed on the website.

### Contractor Hours

Contractors are permitted in the community from 7:30 to 5:30 Monday to Saturday and not permitted on Sunday, except in case of emergency. Please let your landscapers and/or contractors know what hours they can enter and perform work in the community.

### Gates

See the website ([vanderbiltlakes.net](http://vanderbiltlakes.net) under tab 11) for information on entering Vanderbilt Lakes using both the Gate Code and the Smartpass systems.

### Hurricane Preparedness

When leaving to go up North for the summer or for an extended summer vacation please remove all outdoor items from your property that could become flying objects during a tropical storm or hurricane: trash cans, chairs, flowerpots, etc. Kayaks and canoes should be properly anchored

or stored in your garage. It has been determined that the most damage from storms comes from flying objects and not from high winds and that much of it can be prevented.

### **Mail**

We do not have postal drop boxes in the community but the post office will take outgoing stamped mail if you leave it in your mailbox and put up the flag.

### **Rentals**

House rentals require an application that needs to be sent in along with the \$100 application fee prior to any rental. Rentals are LIMITED to 4 times/year with a minimum of 30 days/rental. This helps keep our community safe and more stable. See the webpage for forms and directions.
